

\$75 International Pro Scouting Evaluation (weblink)

Did you miss one of our free agent camps? Are you having trouble moving from one club to another, or do you have a specific target country you are trying to get to? ABN can help.

- ✓ Coaches and GM's do not want to see **YouTube** links with one line emails! They want resume briefs with identified skills.
- ✓ Coaches and GM's fill their rosters by need, looking to find a special piece of a puzzle, which fits their best interest.
- ✓ By specifying what you truly are, by listing key skills, and creating a "brand marketing" of the type of player you are, you are increasing your chances of being looked at. Trying to "cover all bases" and saying you can "fill any need" is a sure shortcut to waiting near the phone for a long time.
- ✓ Players who fit a piece of the puzzle find long careers with clubs overseas.
- ✓ Players who try to do anything and everything to get their jobs with a sales pitch are going to be looking for a job again in 8 months.

All professional basketball players, with **previous professional "OVERSEAS"** experience can pay ABN a small fee of \$75 and receive the following:

- Review of resume/ player profile blast page as well as first glance assessment of market feedback
- Help compiling data into best possible format (template sent)
- Review of up video links. ABN will look at up to 3 video links (max 10 minutes total) and help you choose the correct one to send on your profile blast. ABN will also give some objective feedback.
- Email sent out to our entire network which encompasses over 80 countries. This number is growing and as of August 2013 had surpassed 4000 "decision makers".
- Three free blasts on our Facebook page.
- A discount price of \$25 for three months total if you want a video link on our front page of the website. (This would bring your grand total to \$100)

ABN wants you to:

- a) Identify, and have a professional scout identify, your game. What role do you fill best, what role have you filled best, what role fits you best.
- b) NOT compromise your role or your value in order to get any job.

What are the steps to success??

1. Pay \$75 via PayPal to info@assistbasketballnetwork.com for comments write your name and email blast.
2. Look at the attached sample templates on page 2 and then complete the empty template to the best of your ability. Return email it to my personal scout email at scouting@assistbasketballnetwork.com
3. ABN makes no guarantee you find a job by using this service. ABN will also recommend the best time of year for this blast.
4. ABN is not a player management firm, nor a job agency. ABN is not representing you or the services which you provide.
5. Your relationship with ABN is strictly as a customer which is using our marketing and consultation services. ABN has no obligations to you or your future possible employers.
6. ABN will promote your advertisement, but cannot promote you if ABN has not officially scouted and assessed you. Please respect our scouting agencies objectivity.
- 7.

DANIEL FRIEDRICH

Bio: **Coach's son looking to play in USA**

"MITCH RICHMOND PROTOTYPE POINT GUARD"

- Daniel Friedrich is the son of Rob Friedrich, ex-professional player and coach, and brother of Kristian Friedrich, current professional at "[Bakken Bears](#)", Denmark. **Daniel was a "whiz kid" camp performer at age 6!**
- Currently playing off the bench as 7th man in his first year in the Elite Pro Ligaen in Denmark. He is averaging about 20 minutes (4 x10 min games) and 7/7/2. Can shoot the lights out. Repeat... finisher!
- Last year, he was the leading scorer for a 1st Division Danish team, playing with men; regularly outscoring the team's paid professional American player.
- Like his older brother Kristian (pro shooting #2), Daniel will need a few month's to make the transition to USA basketball. **A true "tweener" at the D 1 Playmaker/shooter spots.**
- +++Daniel has excellent vision, excellent penetration and dish skills, is phenomenal at the free throw line, and can score the basketball in catch and shoot mode or off the dribble. Is physical big, tough, and strong with a D1 body. Work ethic D1. Range to 23'. **A player who works hard in the weight room and at practice.**
- ----Needs to work on defensive stance, defensive movement, and playing without the ball on offense. He has typical Euro-habits now with a lot of zone play and straight-legged defensive lapses. NAIA level defense with strong upside. Needs to quicken outside trigger. Not prepared for a team which plays multiple defensive rotations on same possession. Daniel can run the point, but will have troubles defensively against quicker guards.
- Daniel's recent coach has been Peter Hoffman, National Coach of Denmark. And now is currently Arnal Dedic (Serbia) ex National Coach. (http://www.michigantechhuskies.com/ViewArticle.dbm?DB_OEM_ID=18800&ATCLID=1310963)
