## WHAT IS ABN?

Assist Basketball Network is a camp management and professional scouting firm which has built Supercamps in Europe since 1992. In 1994, ABN brought its first USA teams to play at one of their Supercamps. The result was instant success! ABN has been sending teams to Europe since. The philosophy of ABN is to educate young men and women in history, culture, international politics, and global awareness by immersing them in new cultures. Our tours go much beyond playing basketball; our tours shape minds and attitudes.

## SIGHTSEEING

We offer the best of each destination with professional guides and luxury air conditioned buses to keep you safe and comfortable. There will be guided supervision at all times by an ABN Tour Leader to insure safety of the participants. Our goal is to bring history books to life.

## THE BEST OF EUROPEAN CUISINE

- 2 meals daily included
- Buffet breakfasts
- Paella and Tapa tours
- Lunches and street food are not included in tour price

## BASKETBALL ACTIVITIES

ABN Tours are centered around basketball in Europe, you team will do its playing at L'Alqueria Basketball facility (largest in Europe) and home to the famous Valencia Basketball Club. Your group will have a minimum 5 full length basketball contests against outstanding competitions, unless you have registered for one of our tournaments. On most tours, an IHC (International Hoops Challenge) Tournament is created with multiple countries represented. What is the best about competition? Not just the international games, but the post-game meals which are developed to create an atmosphere of goodwill between the players. A truly international experience in which new friends for life are created!

## INSURANCE

All ABN Tours require that obligatory insurance is bought and insurance coverage provided to ABN before a participant may participate in any activity.

## TRANSPORTATION

SAFETY IS OUR PRIORITY! We know you are putting your children's lives in our hands. Teams will use 50 passenger motor coaches from 5star bus companies when traveling. These buses are luxurious with Air-conditioning and video play. Most modern buses are providing WI-FI service but we cannot guarantee this. Teams are sometimes shuttled in small shuttles at the campsites and matches , but only in insured vehicles from 5star bus companies.

## AIR TRAVEL

ABN uses a variety of secure bonded travel agencies to secure group flight tickets and insurance.

Uniglobe, EF Tours, Anthony Travel, CTMStravel, Globus, etc... among others. These agencies are used for moving sport teams. Your group booking will require a 20% down payment to secure tickets within 10 days of receiving your firm quote.

Your entire flight must be paid in full by agreed date or penalties / forfeitures will become effective.

## PAYMENT SCHEDULES

Using large travel agencies requires immediate non-refundable registration deposits before group pricing is determined. These large travel agencies can also offer financing for you.

Using smaller travel agencies can save you from extra corporate costs, however, you will be required to make payment to ABN directly. ABN is licensed and bonded to secure your money.

ABN understands many teams fundraise and count on future sponsors. We do all we can to help ease the financial burden with our budget tours and easy payment plans.
