INDIVIDUAL PLAYERS...

For the first time ever you will be allowed to go on an ABN tour and play with other individual players from around the country.

We welcome Players from any Continent to join our tours. Together, you will practice under the direction of a professional coach, and then play against locally talented teams on your tour.

When you land at the airport, you will be greeted by a professional coach and an ABN staff member who will be with you at all time. The Professional coach will train you for two days with the other individuals on your team before you begin match and tournament play.

Individual Players may originate from any country! All individuals are responsible for their own travel and insurance and to meet at the meeting point in the designated city assigned.

9 days, 6 matches, lots of sightseeing, tons of new friends!

BENEFITS OF ABN TOURS

WHAT IS ABN?

Assist Basketball Network started as a camp management and professional scouting firm which began building Super camps in Europe in 1992. In 1994, ABN brought its first USA team (Free Agents) to play at one of their Supercamps and find jobs. ABN has been sending teams to Europe since. In the late 1990's ABN worked the European end of receiving nearly 50 teams from other tour operators to create super tournaments, and the start of the International Hoops Challenge began, The philosophy of ABN is to educate young men and women in history, culture, international politics, and global awareness by immersing them in new cultures. Our tours go much beyond playing basketball: our tours shape character and attitudes for lifetime benefits.

SIGHTSEEING

We offer the best of each destination with professional guides and luxury air conditioned buses to keep you safe and comfortable. There will be guided supervision at all times by an ABN Tour Leader to insure safety of the participants.

INSURANCE

All ABN Tours require that obligatory insurance is bought and insurance coverage provided to ABN before a participant may participate in any activity.
